What We're Working On Now

Current Projects

We're very excited about the completion of a 3 year long residential remodel in Hillsborough. We enjoyed working with our clients, their three children and three dogs to create an eclectic and family friendly interior. The 5,000 square foot Mediterranean home was recently landscaped by famed designer Bernard Trainer. Look for images soon on our website.

Home Sweet Home

After years of designing her client's homes, Melanie is thrilled to be putting her ideas into her own home. Her "girly-modern home features a sparkly built in bar, pink jewel-toned walk in closet and a collection of vintage furniture highlighted with punches of strong modern art.

Institute of Classical Architecture: Paris 2008

This spring Melanie took a fabulous and educational architecture tour in Paris. France. Not Texas. Here is a list of amazing places she was able to go.
